**Table Golf Game - for kids of all ages!** Use a different crayon for each player. One at a time, each player places their crayon on the first tee box, at the bottom of the page. With their eyes closed, draw a line to where they think the hole is, and lift their crayon. The player farthest away from the hole “shoots” next, starting where their line ended, eyes closed. Each line section counts as a stroke and the lowest number of strokes wins! Play hole #2 and #3 the same way!
